1. Thank you for your support - Prefect Outreach

We would like to extend our heartfelt gratitude for your unwavering support and generous contributions to the P4 and P5 Prefect Outreach Programme.

Your donations have been instrumental in enabling our Prefects to carry out their outreach activities to the Thye Hua Kwan Nursing Home, Lee Ah Mooi Old Age Home and the Ronald MacDonald House Charities. Thanks to your support and contributions, we have been able to send medical and food consumables to the Thye Hua Kwan Nursing Home and Lee Ah Mooi Old Age Home. In addition to that, your generosity has also allowed us to send over 300 snack packs to the Ronald MacDonald House Charities for children undergoing care and support at Viva University, NUH and IMH. The P4 Prefects also set up a booth during recess to collect notes of encouragement to add to these snack packs to show their support to these children undergoing long term medical treatment.

We are incredibly proud of our P4 and P5 prefects for their dedication and hard work, and we are equally grateful to you for helping to make these achievements possible. Your contributions are deeply appreciated and have made a significant difference.

As we continue to nurture and develop our outreach programmes, we look forward to your continued support. Together, we can inspire and equip our students to make a positive impact on the world around them.

Once again, thank you for your generosity and commitment to our school's mission.

2. Racial Harmony Day 2024

Racial Harmony Day falls on 21 July 2024. The theme this year, ***Singapore: Our Multicultural Mosaic***, focuses on the appreciation of the diverse races and religions that make up our multicultural society, which contribute to our shared sense of cohesion and harmony.

We are commemorating the special occasion in the week of 15 July 2024 with recess activities spread over 3 days (15 July to 17 July). The main objectives of these activities are to encourage our students to

1. Reflect on the importance of fostering harmony and understanding among all communities in our nation.
2. Know more about the culture and practices of different racial groups.
3. Respect and accept people for their cultural backgrounds.
4. Understand the various races and religions in Singapore.

To encourage students' appreciation of the four main races in Singapore and their cultures, we would like to invite students to commemorate the occasion by coming to school in ethnic costumes of the four main races in Singapore on 16 July 2024. However, in the interest of safety, students are to wear their white school shoes and avoid all head accessories as they may pose inconvenience to movements and obstruct their views.

Parents and students are also encouraged to participate in the Family Time activity related to RHD in the Kindsville Times (Primary 1 to 4) and A-OK! (Primary 5 & 6).

Thank you for partnering us in our students' learning about Singapore's bespoke approach towards multiculturalism and social cohesion, where the experiences of every individual matter and adds to our diversity.

For enquiries, please contact Subject Head CCE, Ms Cassandra Quek at quek_sock_cheng@schools.gov.sg.

ABOUT THE WORKSHOP

Alyssa Christudason is an educator with more than 18 years of experience in teaching children of various age groups. She believes that "where there is reading, there is magic."

Alyssa founded her first educational company Pixie Phonics, six years ago. With a background in Biomedical Sciences, Public Health and Waldorf Early Childhood Education, she skilfully combines her knowledge, experience and creativity to curate and narrate meaningful stories in a way that captivates and engages children.

Alyssa's storytelling is combined with music, singing, movement, puppetry, and hands-on activities focused on the story's theme. She believes that storytelling can help parents and caregivers connect with a child, forging a special, unique and deeper bond.

OBJECTIVE OF WORKSHOP

Students will learn visual storytelling methods and how to craft a story that reflects their individuality. They will create stories for specific age groups and explore Singapore's local heritage centres. Additionally, students will ignite their creativity by collaborating with peers to create a short story.

"eco together" - Planet Earth Grand Prix: "Buuat Pa" - The Buddhist ritual to conserve forest Kodchapan Malisorn (14)

Thoughts and wishes regarding the painting

My painting depicts "Buuat Pa", the Buddhist ritual in that trees become monks. Because of the faith in the religion, people believe that one of the ways to sustainably conserve forests is to treat trees in the same way as monks, to respect them, and to carefully grow and protect them.

5. Traffic Advisory for Term 3

Please take note of the following traffic matters. Your cooperation and consideration will help to make arrival and dismissal safe and smooth for all.

5.1 Students Walking to School

Students coming from the direction of the MRT station or Dunearn Road should enter the school by Gate 2A. From Gate 2A, students can access the hall and classrooms via the sheltered walkway and link bridge without crossing any roads.

5.2 Drop-off & Pick-Up by Private Cars

Students can alight along the whole stretch from the canteen to the basketball court. This stretch can accommodate at least 10 cars at any one point, when parents drive forward as far as possible. Students can also alight at Car Park C (see map below) and use the link bridge to access the hall and classrooms directly. Please ensure that your child/ward is ready to alight promptly when your car stops. Parents should not disembark from the car.

Cars are allowed into the school for pick-ups at 1.40pm after the school buses leave. Cars are not allowed to wait outside the school before 1.35pm. Please do not come too early and note that partial one-way traffic along Hillcrest Road operates from 1.00pm – 2.00pm and 4.30pm – 5.30 pm for CCAs. For school dismissal pick-ups, P1 to P4 parents should drive to the canteen pick-up point, while P5 and P6 parents should drive to the basketball court where the students gather to wait.

5.3 Indiscriminate Parking

Please do not park your cars indiscriminately along Hillcrest Road and Watten Rise during school dismissal. Indiscriminate parking makes traffic impassable and has resulted in a few near misses. LTA deploys officers to carry out ground enforcement of traffic rules and will issue summons to drivers who infringe the rules. Please refer to the attached advisory notice from LTA for more information.

6. Road Safety at RGPS

Raffles Girls' Primary School, the Land Transport Authority, Bukit Timah Citizens' Consultative Committee and Watten Residents' Network have worked together to launch three safety standees around RGPS to remind our road users to practise good driving habits and be safe road users. This will complement the "Be Kind, Drive Safe" initiative and aims to make the roads in our estate safer for our students, parents, residents and other road users. The standees were unveiled on 2 July at a simple launch. When driving on the roads around the school, please look out for the safety standees and heed the safety messages.

7. Installation of iJooz Vending Machine

In an effort to offer our students a wider variety of food and beverage choices, an iJooz vending machine has been brought into the school canteen.

Should your child/ward wish to purchase a cup of freshly squeezed orange juice, please note that the iJooz vending machine does not accept the POSB Smart Buddy as a mode of payment. Drinks may be purchased using cash, EZpay, NETS or NETS Flashpay.

A gentle reminder that all food and drinks, especially sweetened drinks, should be consumed in the school canteen and not brought up to classrooms.

8. P1 Registration (Phase 1)

Phase 1 registration is for a Singapore Citizen (SC) or Permanent Resident (PR) child born between 2 January 2018 and 1 January 2019 (both dates inclusive) and has a sibling currently studying in our school.

Parents who are registering their younger child under Phase 1 are to register before 4 July 2024, 4.30pm.

More updates on the 2024 P1 Exercise will be provided on the MOE P1 website.

9. World Drug Day Message

As part of the commemoration of the International Day against Drug Abuse and Illicit Trafficking (also known as World Drug Day) on 26 June 2024, we seek to involve parents in Singapore to garner their support in realizing our vision of a Drug-Free Society for our children. As Singaporeans are increasingly traveling, studying, and working overseas, it is crucial to foster a strong partnership with parents to create a supportive environment that deters drug abuse and promotes the well-being of our youth.

Please do read and refer to the attached message from the Chairman of the National Council Against Drug Abuse (NCADA). This message aims to engage and inform parents about the importance of our collective efforts in combating drug abuse.

Additionally, NCADA will be conducting a Parents Seminar on 3 August 2024, featuring a panel of experts who will share valuable insights on dealing with the increasing permissiveness towards drug abuse. Please look out for details of this event which will be coming out soon.

10. Triple P for Grandparents Seminar Series

We would like to invite all grandparents/older caregivers to sign up for a series of online seminars delivered by our parenting support partner Families for Life@Community (Lakeside Family Services).

These seminars are part of the part of the **Positive Parenting Programme (Triple P)** and aim to equip grandparents with positive grandparenting strategies to help their grandchildren develop emotional regulation skills for better behavior.

Research shows that grandparents' involvement in their grandchildren's lives significantly shapes their identity and imparts positive values. This involvement also provides valuable bonding opportunities. When grandparents positively engage with their grandchildren, it results in closer relationships and stronger family ties. Whether a grandparent takes on the role of a guardian, a babysitter, a playmate, or takes their grandchildren on outings, they can still foster closer bonds and positive relationships with your children.

The seminars are offered free of charge and will be conducted over Zoom in two sessions. Details of the seminar and speaker, as well as the registration link, are found in the attached flyer.

While participants are encouraged to attend all seminars to gain more thorough insights, they may also choose topic(s) that are most relevant to them, subject to their availability.
